MEMORANDUM FOR: Chief, Security Branch, SS, NPIC

SUBJECT : Declassification of a SECRET Report titled, "Investigation Relating to Spectrazonal and Color Photography Interpretation," January 1967

The cited document was prepared by [redacted] under a 25X1
sub-contract to [redacted] and the latter organization 25X1
published it as a SECRET document as part of NPIC's [redacted] 25X1
25X1 [redacted] In the opinion of the TDS, nothing in the report is, in fact, classified except perhaps the contract number on the cover and a statement in the Foreword that mentions NPIC. 25X1 [redacted] would like permission to reprint, at their expense, copies of this report without the Foreword page and with their own covers as if it were the result of an in-house [redacted] study 25X1
effort. The TDS approves of this plan and recommends that the requested downgrading of this document be permitted.
